

abcDetectorComponent

```
graph BT; mDOMFlasher --> abcDetectorComponent
```

A UML class diagram showing an inheritance relationship. The class 'mDOMFlasher' is represented by a light gray box at the bottom, and the class 'abcDetectorComponent' is represented by a white box at the top. A solid blue arrow points from the top of 'mDOMFlasher' to the bottom of 'abcDetectorComponent', indicating that 'mDOMFlasher' inherits from 'abcDetectorComponent'.
