

OMSimPMResponse

```
graph BT; NoResponse[NoResponse] --> OMSimPMResponse[OMSimPMResponse];
```

The diagram illustrates a class hierarchy. At the bottom is a gray rectangular box labeled "NoResponse". A vertical blue line with an arrowhead at the top points from the "NoResponse" box to a white rectangular box labeled "OMSimPMResponse" positioned above it. This indicates that "NoResponse" inherits from "OMSimPMResponse".

NoResponse
